## Who We Are

For more than 40 years, Lighthouse Worldwide Solutions has met the indoor contamination monitoring and control needs of the FDA-regulated healthcare, pharmaceutical, and medical device manufacturing industries. We serve customers in more than 70 nations from our USA-based HQ and multiple international offices. Our customers have leveraged our regulatory and contamination control expertise to help ensure their success.

**Our expertise in contamination control has inspired us to create the most innovative FFP2 disposable respirator to enter the market.**

Lighthouse Worldwide Solutions has developed the SHIELD-P2-PRO disposable respirator to fit more comfortably and securely than any other respirator on the market. The SHIELD focuses on what matters most to the end-user.

Our customers have told us the SHIELD is a “fit test champion,” checking the boxes in fit, comfort, and breathability. In addition to a good seal, we know visibility is also crucial; our patent-pending ClearView Bar can increase your peripheral viewing angle up to 25%. As a NIOSH N95 certified respirator, the SHIELD is the ideal choice for first responders and all others who require a superior quality and high performance FFP2 disposable respirator.

**Our products are made in the USA.**

**We look forward to discussing how we can be of service to your team!**
